Final news from Lisbon PMB New Innovaccess portal

Focus on: PMB Meeting n. 15 Lisbon, December 3rd 2019

Last event programmed for the VIP4SME's project is over.

In Beautiful Lisbon we have discussed about the results achieved and future repercussions of the activities carried out.

EASME gave a positive evaluation of the work we've done, and the final date of VIP4SME, fixed for december 14th, is approaching.

Very soon we will be involved in the demanding work of reporting everything done during these intense and productive 4 years.

Then our goal will be to keep Innovaccess portal alive and increase the value of the instruments we developed to spread IP knowledge and diffusion among SMEs.

Soon a handbook on how to keep working on sme's knowledge on IP will be circulated.

INNOVACCESS portal managed by the EU VIP4SME network helps companies and mainly SMEs to recognize the importance of Intellectual property (IP) and helps them to turn intellectual capital into commercial values and competitiveness.
